Building a Quality Mentoring Program with the *Elements of Effective Practice*

Align your mentoring program with the Elements of Effective Practice and improve the likelihood of **positive outcomes for youth**, **strengthen your program**, and **reduce your managed risk!**

Participants said:

- “We will enhance our program now that we have a clearer understanding of the EEP!”
- “Fantastic training experience [that was] more useful than I imagined.”
- “We gained volumes of information... I am excited to have a game plan and look forward to implementing it!”

In this comprehensive & interactive training, participants will:

- **Define youth mentoring and recognize the essential components of a high quality youth mentoring program**
- **Apply the Elements of Effective Practice in your own program**
- **Enhance their professional networks**

Length: eight hours

Intended audience: leadership and staff of established and new mentoring programs

Capacity: maximum of 25 participants
