

Sample Mentor Recruitment Plan

Fourth Quarter

October - December

Goal: Recruit 25 new, committed volunteers

What is the capture rate for my organization when recruiting volunteers? This will help me plan the numbers - because recruiting is a numbers game

For example:

- **Volunteer interaction goal: 250**
(total number of volunteers we need to reach personally to make our recruiting goal)
- **Volunteer orientation goal: 50**
(of the volunteers who hear a speech, 1 out of 5 come to orientation)
- **Volunteer recruitment goal: 25**
(of the volunteers who come to orientation, 1 out of 2 commit to mentor)

Recruitment Plan

Current volunteers send an email to their friends and family to recruit volunteers 2a. Current volunteers, board members, faculty, parents, grandparents, send postcard to friends and family
	2. Have a table at one community event per month 2d. Host two orientations per month
	3. Contact volunteers through targeted media / outreach (you are contacting your target volunteer = effective)	3a. Fliers in high traffic areas 3b. Articles in business newsletters, retired employee newsletters, volunteer center mailing 3c. Community college employee check stuffer
